AARP Foundation, AARP's charitable affiliate, works to ensure that low-income older adults have nutritious food, affordable housing, a steady income, and strong and sustaining social bonds. The Foundation collaborates with individuals and organizations who share a commitment to innovation and a passion for problem-solving. Supporting its efforts with vigorous legal advocacy, the Foundation creates and advances effective solutions that help struggling older adults secure the essentials. The programs and services of AARP Foundation require funding beyond your membership dues. Through the generosity of members, we are able to help vulnerable seniors recover their confidence, regain a foothold, and transform their lives.

DATA COLLECTION & USE

We collect and use personal data from or about you to help us support our nonprofit mission and serve our membership, including to communicate with you through various channels, deliver the information, programs, and products/services you request, and evaluate the effectiveness of our programs and membership offerings. When you apply for membership, we initially collect basic personal data from you such as your name, contact information, and date of birth. Except as highlighted below, we do not share your personal data with unaffiliated entities (entities that are not owned or controlled by AARP) without your consent. We do share personal data with companies we have selected to provide AARP-branded products or services and/or discounts to AARP members. Some of these providers pay a fee for the right to use our brand and to access our membership list and related data. These fees are used to support our nonprofit mission. These providers are contractually required to treat the personal data AARP provides as confidential, and to use the personal data only to offer, provide, maintain, and analyze the contracted products, services, or discounts to AARP members. Some of these providers may collect personal data about our members through their own interactions with such members and may share some or all of this data with AARP to help us provide more effective and personalized service. These providers' data-collection and sharing practices are governed by their own privacy policies. We also occasionally share personal data with select, unaffiliated nonprofit organizations for use in their own social missions. We also share personal data with vendors and social media networks we hire to provide services or perform business functions on our behalf, but these vendors are contractually obligated to use such personal data only to provide the services AARP has requested they perform on our behalf. Finally, we may share personal data pursuant to legal requirements as necessary to protect ourselves, our members, or others, or in connection with a business transfer or substantial transaction such as a sale, merger, consolidation, or bankruptcy.
